WASHOE COUNTY LAW LIBRARY

Lawyer in the Library - Disclaimer

The attorneys participating in this program will do their best to help you but ~~cannot provide you with traditional legal advice. Our volunteer attorneys~~ may practice in areas of the law that have no relation to your legal issues, so please understand they may have had only a basic introduction to those issues and no practical experience with them. Please be respectful of the volunteer attorneys, staff and other patrons, and take the advice as direction and not advice that is meant to fully resolve your matter.

- ❖ **The volunteer attorney you speak with is not your attorney and by speaking with him or her. No attorney-client relationship will be established.** Do not contact the attorney you speak with after the program. They are not permitted to consult with you outside of this program, or represent you in your legal matter. We recommend that you consult with a different private attorney of your choice concerning the facts of your case prior to filing any documents.
- ❖ Please discuss your legal issues in broad terms. Please do not disclose any confidential or personal details of your legal issues. ~~The information you provide to the volunteer attorney may not prohibit that attorney from representing another party in the matter you discuss. Given the attorneys are volunteers, they may have or in the future have involvement in the case you are discussing and by agreeing to participate in the program and seek advice despite this possibility, you hereby waive any such conflict. This potential conflict emphasizes why it is important to discuss your legal matter in broad terms and not disclose confidential or personal details.~~
- ❖ Assistance is based only on a brief review of the facts disclosed. Additional facts or disclosures may result in different legal information advice being provided. The Washoe County Law Library, its staff, and its volunteers have no responsibility for the outcome of your case, ~~which is decided by a judge, based on the facts and law.~~

I have read and understood the above disclaimer.
