Pursuant to District Court Rule 18:

When any district judge shall have entered upon the trial or hearing of any cause, proceeding or motion, or made any ruling, order or decision therein, no other judge shall do any act or thing in or about such cause, proceeding or motion, unless upon the written request of the judge who shall have first entered upon the trial or hearing of such cause, proceeding or motion.

DCR 18. Accordingly, by virtue of entering the *Order Sealing Proceedings and Closing Court Hearings*, only Judge David A. Hardy could execute any order modifying the *Order Sealing Proceedings and Closing Court Hearing* which he did after review of the *Recommendation for Order Granting in Part and Denying in Part Motion to Intervene, Motion for Access, and Motion to Unseal ("Recommendation Intervene")* unless he made a

1 written request of another judge. This Court construes the Honorable David A. Hardy's
2 *Order for Enforcement of Probate Commissioner's Recommendation Pending Review* as
3 the "written request" to handle matters which affect an order entered by him in this case, in
4 addition to ruling on petitions for judicial review and objections as stated in the *Assignment*
5 *7/22/2024*.

7 The Court has reviewed all relevant papers, together with the resulting *Amended*
8 *Recommendation* and the subsequent *Recommendation for Order Granting in Part and*
9 *Denying Part Motion to Intervene, Motion for Access, and Motion to Unseal and Order for*
10 *Enforcement of Probate Commissioner's Recommendation Pending Review*, and other

12 appearing,
13

14 **IS HEREBY ORDERED** the Court adopts the factual and procedural history,
15 applicable law, and analysis in the *Amended Recommendation*, as modified by the
16 *Recommendation for Order Granting in Part and Denying in Part Motion to Intervene,*
17 *Motion for Access, and Motion to Unseal and Order for Enforcement of Probate*
18 *Commissioner's Recommendation Pending Review*, and orders the same with regard to
19 ONJ's and This is Reno's requests.
